Water Slide Rules

- Guests must ride one at a time.
- Chains and double riding are not permitted.
- For safety, each rider should have the physical and cognitive abilities to remain in a prone position. Guests should remain laying feet first, face up, with their legs crossed at the ankles, arms should be crossed across the chest throughout the course of the ride.
- You must be 48 inches tall to use the slides.
- Only guests wearing suitable swimming attire may ride the slide. Swimming attire with buckles, rivets or any sharp objects are not permitted as they may damage the slide. This includes, but is not limited to, life jackets, jeans, and chains.
- Shoes, sandals or footwear of any kind are not permitted while riding.
- Pregnant women, guests with heart conditions, guests with neck or back problems, and guests under the influence of alcohol or drugs should not ride the slide.
- Guests are not permitted to remain in the splash pool.
- Handheld devices, such as Go-Pros, cellphone or video recorders, are not permitted on the slides.
