Localicious HAWAII

Hawaii Agricultural Foundation launched Localicious Hawaii in 2014 to raise public awareness of restaurants that are committed to sustaining our local agricultural industry and through doing so, raising funds for agricultural education.

The Localicious Hawaii campaign runs from March 1 - 31 to coincide with National Agricultural Day and partners with over 200 restaurants statewide.

Hawaii Calls Restaurant is featuring "The Farmer + The Fisherman" salad as the "Localicious Dish", showcasing island grown red lettuce and local line caught 'ahi tuna...Yum!

With each "Localicious Dish" sold, the Waikoloa Beach Marriott makes a contribution to HAF's agricultural education programs in Hawaii's public schools.
