## CORAVIN WINE PROGRAM

---

Giving the ability to pour a sample or glass of wine without popping the cork, the Coravin allows us to offer pours of some of our more sought after wines without purchasing the entire bottle. The Coravin uses a surgical needle to extract the wine through the cork and argon gas to keep the rest of the wine inside the bottle fresh.

This month we will feature 3 beautiful Napa Valley Cabernet Sauvignons. Each rated among the best by Robert Parkers Wine Advocate.
