

GATHER IN THE FUTURE OF COLLABORATION.

Meet new ways to gather at the Bethesda Marriott. We've given our event spaces a modern design upgrade to give planners new ways to craft environments for interaction, collaboration and creativity—new ways to think about the meeting itself.

Create your compelling event with:

- New fabrics and soft-goods in modern, neutral colors
- Dynamic set-ups that flex to meet an event's changing needs
- Red Coat Direct app keeps you connected without ever having to leave your meeting
