The place to go for great craft beers from Nova Scotia's flourishing craft brewing community and beyond. The beers are exciting, flavourful, and always changing.

PROPELLER BREWERY COMPANY • 2015 Gottingen Street, Halifax, NS, B3K 3B1

Propeller is Nova Scotia's best-selling microbrewery. Their international award winning, all-natural, British-style ales and lagers are available at bars and restaurants across Nova Scotia. Ask for an Extra Special Bitter (ESB) or an India Pale Ale (IPA), the province's two best-selling microbrewed beers, or drop by the downtown brewery and retail store to sample brewery fresh craft ales.

GARRISON • 11 Marginal Road, Halifax, NS, B3H 4P7

Following in tradition by producing premium ales of distinction for the local market, Garrison introduced the craft beer movement to Nova Scotians and visitors alike. Today Garrison brews a variety of full-flavoured, all-natural, preservative-free ales. Each glass represents a tribute to the art of hand-crafting ales with the finest natural ingredients.

STUBBORN GOAT BEER GARDEN • 1549 Lower Water Street, Halifax, NS, B3J 1S2

GAHAN HOUSE • 1869 Upper Water Street, Halifax, NS, B3J 1S9

A popular Prince Edward Island pub has opened in Halifax's Historic Properties. Offering breathtaking views, a microbrewery on site with a great selection of craft beers and a wide menu, there is something for everyone with a local flair. Gahan House is only a few steps away from the Halifax Marriott Harbourfront.

GOOD ROBOT BREWING COMPANY • 2736 Robie Street, Halifax, NS, B3K 4P2

Halifax's most questionable brewery and taproom. Their beers are eccentric, experimental and untrue to style. Oh, and most of their beers are gluten-reduced. They make beer for misfits because they do not believe in growing up.

UNFILTERED BREWING & CHARM SCHOOL PUB • 6041 North Street, Halifax, NS, B3K 1P1

A craft brewery in the north-end of Halifax with a new approach to brewing. Unfiltered Brewing is exactly that, unfiltered beer. Unfiltered's pub, Charm School is now open right next to the brewery. Seven or eight beers on tap, very nice locally-made snacks, and a sound system await. There is no TV to watch the game and no WiFi, so you might have to talk to someone.
